ORDER ON CONTINUANCE

The Court appreciates that Attorney Shepherd is somewhat new to the case. This case has been continued multiple times. The Motion offers no explanation for why the continuance is being requested at this late date, given it has been scheduled for sometime. The Court recognizing Attorney Shepherd cannot be in two places at once, but the last minute nature of the filing creates issues for this Court's docket. The Court set aside significant time in the docket to hear the case. The Court grants the request but in the future no further continuances will be granted absent extraordinary circumstances. Any scheduling issues with the rescheduled date must be raised timely.
